### Conversations in Clay

You can see and print the full [Call for Entries](#) to obtain all details, and then go to the [NMPCA website to register for the show](#). You must be a member of the NMPCA to enter the show, and new members are welcome. Simply [complete your membership](#) enrollment before you register for the Celebration of Clay exhibit.

**This year's show has a multi-dimensional theme, Conversations in Clay**, encouraging members to participate in different ways, including working with another artist, NMPCA or non member:

Here are ways members can enter:

- Individual pottery or ceramic art pieces can be submitted with a one-sentence "conversation starter" description.
- Another option is collaboration between two artists as one piece created together or two pieces comprising one conversation.
- Each member enters as the primary artist: individual or collaborator; and can be a secondary collaborator on an entry with another member.

Topics are endless...

Mutual admiration, embracing, competition, debate, Yin-Yang, color hue, elements of a story, large and small, thin and wide, black and white, young and old, whatever type of paired expression comes to mind.
